### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The admitted prior art discloses a conventional packing tape meeting all the limitations of structure of the claimed subject matter except the presence of the fluorescent material in the backing layer (Figure 1, page 5, line 10-18 of the specification). Heilman discloses that a closure includes a brittle layer that comprises a fluorescent dye and cracks up as part of a tamper-evident container. The admitted prior art in combination with the Heilman reference would arrive at the adhesive tape having an irreversible color change of the whole tape when the tape is cut or torn. Accordingly, none of the prior art taken alone or in combination teaches or suggests an adhesive tape having an irreversible color change **at the free end or edge of the tape** when the tape is cut or torn. This renders the instant claims patentable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
